## About Keiretsu Forum

Keiretsu Forum is the largest North American private equity investor network of 500 accredited private equity (angel) investors, venture capitalists and corporate/institutional investors. Keiretsu Forum members invest in high-quality, diverse investment opportunities in Emerging Technologies, Life Sciences and Healthcare, Real Estate, Consumer Products and any other segment with high growth opportunity.

Our mission is “**Great Association with Quality Deal Flow**”.

### “Great Association...”

**Our Members:** Keiretsu Forum membership is comprised of serious investors, business leaders, venture capitalists, corporate/institutional investors and serial entrepreneurs. Membership is invitation only. Keiretsu Forum is not a fund and does not invest as an LLC. Members collaborate on due diligence, but make individual investment decisions.

**Our Network of Chapters:** Keiretsu Forum has chapters in Northern California (San Francisco/North Bay, East Bay and Silicon Valley), Southern California (Westlake Village, Los Angeles, San Diego and Long Beach), Denver/Rockies, Seattle/Northwest, Bellevue/Eastside and Boise/Sun Valley.

Our network of chapters enables:

- Support of our portfolio companies and presenting entrepreneurs with equity and resources in different geographic capital markets,
- Building additional quality deal flow for our members in different geographical locations, and for
- Our members to enjoy collaborative business and social relationships between chapters.

**Our Charitable Endeavors:** The Keiretsu Forum Charitable Foundation is a non-profit counterpart, which elevates the awareness of giving within the Keiretsu Forum and supports the causes with which its members are actively involved.

### ...With Quality Deal Flow”

Our quality and diverse deal flow comes from our community of members, VCs, sponsors, incubators and universities. Keiretsu Forum members provide early-stage capital in the range of \$250K-\$1.5MM. Since its inception in September 2000, Keiretsu Forum members have invested in over 130 companies with over \$80MM. In 2005, Keiretsu Forum members invested in 30 companies throughout our network of chapters. Twenty of these fundings with \$23MM occurred in our Northern California chapter and 12 are multi-chapter and/or multiple funding events.
